

18th June, 2024

Dear Parents/ Guardians,

In catering to the diverse learning needs of students, boosting their motivation in study, and achieving satisfactory results, our school has arranged supportive measures for concerned students under the “whole-school inclusive education approach”.

Our Student Supports Team has provided different sets of support for concerned students inside and outside of classrooms, including aspects of learning, studying, homework and assessments, socializing, and adaptation. These supports are planned based on each student’s results and corresponding professional and/or medical reports. They are then implemented with subject teachers collaboratively and recorded in the “Summary of Student Supports” individually.

The “Summary of Student Supports” contains the types of specific needs and support received by your child. It allows us to have a better understanding of how to teach and guide him/her. We hope this understanding and support could be extended to the households by sharing the summary with the parents.

We are hereby enclosing an individual summary for the academic year 2023-2024 for your child. Since the content of the summary is a private matter for your child, please handle it with care.

Please kindly read through the attached summary of your child and return the reply slip to Ms. Chu (CL) for archive on or before July 2, 2024. For any enquiries, please contact Ms. Chu (CL) at 2570 9066.

Yours faithfully,

Zareenah S. Y. Ho

Principal
